XtremeMac™

XtremeHD HDMI Switch™

Simply connect your devices—cable/satellite box, Apple TV, HDTV, DVD player, HD DVD, gaming console, etc. to the input ports on the switcher. Then, connect the switcher to your display using a single HDMI to HDMI cable. It's that easy.

You can switch between devices using the included infrared remote, your own universal remote, or the button on the front of the unit. An LED on the front of the unit will indicate which source you have selected.

The XtremeHD™ HDMI 4 to 1 switcher is built with the highest quality components so you get the best quality audio/video signals from all of your devices—up to 1080p resolution.

PRODUCT FEATURES

Switches easily between HDMI sources via remote or on-unit button

Supports 480p, 720p, 1080i and 1080p resolutions

Compatible with all HDMI and HDCP compliant devices
